

Best return on investment

At Martin we believe you should get your money's worth. That's why, with every Martin purchase you make, we aim to reduce your operating costs by providing efficient and durable equipment.

With 24/7 support behind every Martin product and our professional consultancy and services, we offer solutions to help you maximize your return on investment and ensure peace of mind.

Global service. Local partners

At Martin, we are proud of our worldwide partners. Together they form the industry's most extensive and skilled service network, helping you to

- Improve equipment reliability
- Reduce maintenance costs
- Avoid downtime
- Protect your investment

Martin

Step 1

web support

Many problems can be solved by checking our web support pages at...

www.martin.com/service

Here you'll find a wealth of materials including manuals, illustrations, service and installation notes, hints, tips and FAQs.

If this doesn't solve your problem, select "online assistance" at the foot of the page. This lets you register your question online, which will then be forwarded to your local distributor.

Step 2

contact your distributor

Your local Martin distributor knows your market and needs best. Find your nearest Martin contact at...

www.martin.com/distributors

...and call them for assistance.

For your laptop or toolbox:

Web support: www.martin.com/service

Phone your distributor: _____
www.martin.com/distributors

24 hour Martin hotline: +45 8740 0000
or 1-888-tech-180 (US only)

Step 3

the Martin hotline

The Martin hotline provides access to telephone support during and outside normal office hours.

+45 8740 0000 or 1-888-tech-180

Our hotline team is made up of our most experienced problem solvers. Occasionally you may be asked to leave a message. If this happens, a service technician will return your call within 15 minutes.

For your laptop or toolbox:

Web support: www.martin.com/service

Phone your distributor: _____
www.martin.com/distributors

24 hour Martin hotline: +45 8740 0000
or 1-888-tech-180 (US only)
