

Softcover Accessory

For JEM™ Glaciator™ Dynamic low-fog effect machine

APPLICATIONS

The Glaciator Softcover is a custom protective cover for the JEM Glaciator Dynamic constructed of reinforced heavy duty black PVC, 12 mm internal padding and finished internally with brushed nylon. The Softcover is screen printed with the product name and features a clear PAL placard pocket. The softcover features a convenient hook and loop fastener system for easy deployment and will protect the Glaciator from the rigors of transit in the touring industry. A bump-out compartment allows the optional ducting adaptor to remain affixed to the machine and remain protected during transit.
