

TECH NOTE

Exterior PixLine 40

Incorrect labeling, revision A, 06-28-2017

Incorrect labeling on Exterior Pixline 40

We have shipped a number of Exterior PixLine 40, 1270 mm square diffuser fixtures with incorrect information on the serial number label.

The label with the incorrect information indicated a current draw of 7 amp and a power consumption of 100 watt.

Correct information

In June 2017, we have corrected this information, and products which have been shipped after this date have the correct serial number label.

- Current draw: 0.32 amp
- Power consumption: 11 watt.

Affected products

The products that are affected are:

- Item number: 90356740HU Ext PixLine 40 RGB 1270mm Squ Dif Fr Alu.

The information in the product specifications on www.martin.com and in the user manual of the product has been corrected. It is only the information on the serial number label on the products that is incorrect.
