EC DECLARATION OF CONFORMITY

This document refers to the following products, manufactured for Martin Professional A/S by Martin Manufacturing (UK) Plc:

ZR25  230V
ZR35  230V
ZR45  230V

These products meet the requirements, where applicable, of the following EC Standards and as such, comply with the EMC and LVD directives of the European Community:

EN 61000-6-3:2007  Generic Emission Standard for residential and light Industrial environments.
EN 61000-6-1:2007  Generic Immunity Standard for residential and light Industrial environments.
60335-1:2002+A15:2011  Safety of household and similar electrical appliances
BS EN 62233:2008  Electromagnetic fields.

These standards reference the following European standards:

**Emissions:**

- EN 55 022 /B  RF voltage and field strength
- EN61000-3-2  Harmonic current content
- EN61000-3-3  Flicker
- EN 55 014  RF voltage (discontinuous)

**Immunity:**

- EN 61000-4-2  Electrostatic discharge to case
- EN 61000-4-4  Common mode fast transients (AC and DC ports)
- EN 61000-4-5  Surge (AC ports only)
- EN 61000-4-11  Voltage dips and interruptions
- EN 61000-4-6  RF common mode

These standards also meet the requirements of CISPR 22 and 14.

**For and on behalf of MARTIN MANUFACTURING (UK) PLC:**

Nick Scully
